# Remember your favourite mix tape? Remember how you'd race to hit record when your favourite song came on the radio?

Music is one of the greatest joys in life. Who can't recall that album their dad always played in the car, or the ballad that became 'our song' with your partner? As Australia's love affair with good beer grows, our favourite brews can evoke memories just as strongly.

Your epiphany beer. That lager when you saw your favourite band playing. The porter that convinced your dad there's more out there than macro. Beers, much like our favourite songs, become the soundtrack to our lives.

For GBW18, we present a massive collection of hits to build your own mixtape with. Whether you're a lover of rock or reggae, lager or lambic, everything you need for your ultimate mix can be found right here. So what's on your mix tape?

THE GOOD BEER WEEK OFFICE IS FUELLED BY YACHT ROCK AND POWER BALLADS. WE ORGANISE TO HALL & OATES, WE PROOFREAD TO PRINCE, WE TEST THINGS TO TOTO. WE'RE MORE THAN FAMILIAR WITH THE DAYS OF PUTTING ALL YOUR FAVOURITE SMASH HITS ON ONE MASSIVE MIXTAPE, AND IT CONTINUES IN THE GBW OFFICE TODAY, THANKS TO THE WONDERS OF THINGS LIKE SPOTIFY.

So, given the musical proclivities of our little team, we hope you can indulge us with the theme for GBW18. Much like we believe Whitney Houston produced some undeniable bangers, we believe this year's program is the ultimate mix for every beer lover.

In the spirit of those mixtapes we were so proud of, we've put together a program you can mix and match your favourites from. We've got events for the foodie, the metalhead, the geekiest of beer geeks.

You'll find international guest artists, collaborations, street parties and live music. Whatever your preferred genre, you'll find it here. So take a look, pick out your favourites, and lay down the most epic mixtape you can.

We know it's gonna be a banger.

SIOBHAN KERIN & KERRY MCBRIDE THE GOOD BEER WEEK TEAM

**GOOD BEER WEEK** 

Whether you're new to craft beer, or the most fervent fan, there is no more exciting time to be alive than during Good Beer Week in Melbourne.

We've been privileged to be involved with Melbourne's 'Olympics of Beer' since its inception, through countless events at The Local Taphouse, our award-winning beer temple in St Kilda; our still-young Stomping Ground Brewing Co in Collingwood; and of course GABS Beer, Cider & Food Fest at the Royal Exhibition Building, helping to bring the Good Beer Week experience to a 'specTAPular' finale with more than 20,000 craft beer lovers.

Over the years, we've seen Good Beer Week become one of the world's premier beer weeks, and can attest firsthand to the incredible impact it has had on the booming craft beer industry in Australia. With so many fantastic events on offer in 2018, this year will be no exception. Clear your calendar, gather your mates, and we look forward to seeing you for a beer during Good Beer Week!

Good Beer Week is the 'the best beer week in the world' and as the largest annual beer competition of its kind in the world, the Australian International Beer Awards (AIBA) is delighted to be a Festival Supporter.

The AIBA is conducted annually by The Royal Agricultural Society of Victoria (RASV), attracting over 1900 entries from the best local and international breweries last year and awarding 30 trophies to those deemed champions by a panel of respected industry experts.

Judging for the AIBA takes place in the lead up to GBW and the awards feature in two events during Good Beer Week including the AIBA Presentation Dinner where this year's Champion Breweries and Beers will be announced. Beer-lovers will also have the chance to be amongst the first to try some of this year's newly crowned beers, with a showcase at GABS, Beer, Cider and Food Fest.

RASV congratulates the GBW team and Australian beer industry on a successful event celebrating this exciting industry and our high quality beer production! We encourage everyone to sample the AIBA winners at this year's event!

On behalf of the Brewers Association (BA), I'd like to extend my congratulations to the Good Beer Week team for its eighth year of putting on one of the best beer events worldwide. The BA is honored to return to Melbourne this year to showcase outstanding beers from among the 6,000+ U.S. small and independent brewers.

Good Beer Week has taken significant strides to promote small and independent craft brewers both in Australia and the U.S., and we look forward to participating in this effort in 2018. Our organization and many of our brewers share a special connection with Australia, and take inspiration from the country's dynamic craft beer scene. The BA itself has appreciated the opportunity to participate in the Royal Agricultural Society of Victoria's Australian International Beer Awards. Brewers in the United States hold the AIBA in high regard, alongside other major international competitions including our own World Beer Cup. Cheers to a great 2018 Good Beer Week!

# **COOD BEER DEODLE LUKE ROBERTSON** ALE OF A TIME

# WHAT'S THE BEST MUSIC TO DRINK BEER BY?

Classic R&B and soul. Nina Simone, Lyn Collins, Betty Davis, Aretha Franklin. A nice mix of classics and forgotten grooves, some laid back rhythms and excellent singing.

## WHAT'S YOUR FONDEST MUSIC AND BEER MEMORY?

Any time I see local bands at the Reverence while drinking Two Birds Golden Ale on tap. Local beer and local bands is the absolute pinnacle of beer and music.

## WHAT'S THE BEST MUSIC TO BREW TO?

Probably crossover thrash/metal and 90s hip hop. Slayer, Black Breath, Iron Reagan, Wu Tang Clan, Pharoahe Monch, Heather B. Keep it raw and rough.

# WHAT'S YOUR GO-TO SONG FOR A PARTY PLAYLIST?

Camp Cope and Miley Cyrus. I'm being greedy and choosing two because Camp Cope's previous stance on beardy white craft beer dudes (and the patriarchy in general) makes it a fun idea to me.

Plus Miley rules and has an incredible charity (Happy Hippie Foundation) so we can give the money to that and annoy so many people in the process. The beer will be called "Bangerz" and come with an opener.

## WHAT'S YOUR GO-TO SONG FOR A PARTY PLAYLIST?

The Kinks - Lola. Starts off as a groove, finishes as a sing along jam.

# **GOOD BEER PEOPLE AMBER HAHIPENE SECTION 8**

WHAT'S THE BEST MUSIC TO DRINK BEER BY? It depends on the time and the place, but reggae in the sunshine would be up there on my list.

WHAT'S YOUR FONDEST MUSIC AND BEER MEMORY?

Going to New York to check out the Brooklyn Brewery for our GBW event! I spent all afternoon at the brewery, then went to check out the Grand Final of the Apollo's famous Amateur night, which was amazing. After that, I stumbled across a gig where Jocelyn Brown was playing. It was a pretty special night. One of the many in New York.

IF YOU COULD COLLABORATE WITH ONE MUSICIAN ON A BEER, WHO WOULD IT BE AND WHY?

Prince, because I think he'd have some fun, crazy, ideas for a beer and I would get to bring him back from the dead.

WHAT'S YOUR GO-TO SONG FOR A PARTY PLAYLIST? There are way too many to name one. but usually some sort of cheesy 90's R'n'B.

# **THANKS FOR MAKING GBW18** THE TALTEMIX

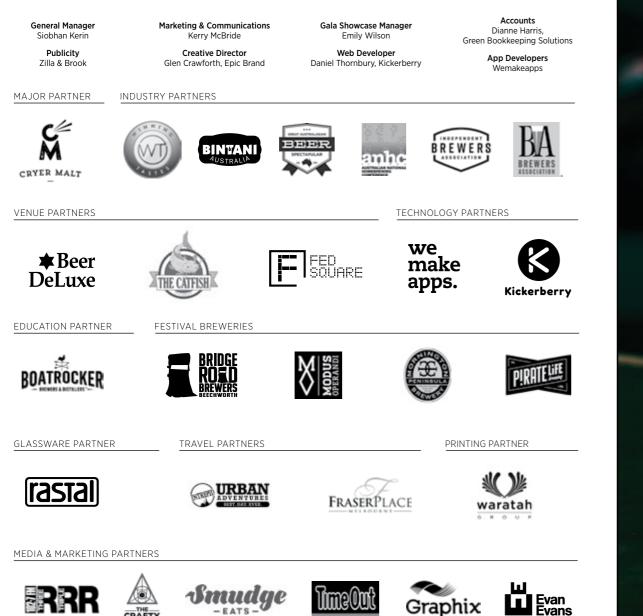

Good Beer Week 2018 was a particularly personal iteration of this big little festival, thanks to a theme that tapped right into the heart of the people who work for Good Beer Week. We would like to extend a massive thank you to all the people and businesses that helped bring so much energy to the 2018 program.

Since our first year in 2011, Good Beer Week has grown so much bigger than its founders ever imagined possible, and the whole team is grateful to all those who support us. Whether it be through financial support, volunteering your time and expertise, or creating the incredible events that help make this beer festival the ultimate mixtape, you have our most heartfelt thanks for all of it!

Finally, thank you to every single attendee! When you choose a good beer, visit a good beer venue, or support a good brewery, you help spread the word of beer that little bit further so more people can discover how wonderful this community can be. Thank you for your endless support and enthusiasm, this mixtape is for you!
